

PEQAB Policy 7. Use and Disposal of Curricula Vitae

PEQAB requires the curricula vitae (CVs) of faculty and some administrators in order to assess the Capacity to Deliver and other Standards. Since CVs contain personal information, to receive such CVs, PEQAB requires institutions to collect and retain permissions under *its Notice of Collection: Curriculum Vitae Release* form at [Curriculum Vitae Release jbb.docx](#). PEQAB ensures its own deletion of CVs after their use through its record retention policies and requires Reviewers to delete CVs after their use through their letters of appointment.
